RE: C.R. 10 Landfill Superfund Site (Himco Dump Superfund Site)

Dear Mr. Nash:

I am writing this letter on behalf of my client, Himco Waste-Away Services, Inc. ("Himco"), one of the identified Potentially Responsible Parties at the C.R. 10 Superfund Site. On behalf of my client I would like to request the extension of the comment period for the purposes of providing comments to the proposed Plan at the above-referenced Site. As you know, Himco has previously employed the services of Mittelhauser Corporation with regard to its activities at this Site. Copies of the SEC Donohue Remedial Investigation and Feasibility Study (7 volumes) have been forwarded to them for their review. I have received correspondence from Mr. Ronald B. St. John, CPG, Vice President of Mittelhauser's midwest operations, indicating that it will be impossible for them to adequately review this volume of information in the time period provided. A copy of that letter is enclosed for your information. Himco therefore requests that the comment period be extended for an additional thirty (30) days.

I would appreciate your either notifying me in writing or calling me at the above number with the U.S. EPA's response to Himco's request for an extension of the comment period through November 29, 1992. I appreciate your continued consideration in this matter.

Respectfully,

BARNES & THORNBURG

Richard W. Paulen
